

## Prime Used Volvo Excavator Construction Equipment EC 80 8 Ton

Our Product Introduction

for more products please visit us on [used-excavatormachine.com](http://used-excavatormachine.com)

### Basic Information

- Place of Origin: Korea
- Brand Name: VOLVO
- Model Number: VOLVO EC80D
- Minimum Order Quantity: 1 Set
- Price: USD 18000/ Set
- Packaging Details: Container, Bulk
- Delivery Time: 5-8 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: About 100 units are supplied every month

### Product Specification

- Model Name: EC80D
- Condition: Used
- Brand Name: VOLVO
- Ton: 8 Ton
- Bucket Capacity: 0.34m³
- Rated Power: 42/2100kW/rpm
- Working Weight Of The Whole Machine: 7450 Kg
- Walking Speed: 2.6/5.1 Km/h
- Bucket Digging Force: 49 KN
- Digging Force Of Bucket Rod: 39 KN
- Highlight: EC 80 Used Volvo Excavator,  
8 Ton Used Volvo Excavator,  
Used volvo ec 80 excavator

## Product Description

### VOLVO EC80D Prime 8 Tons Crawler Backhoe Digging Used Excavator

#### Product Description:

The EC80D is a medium-sized excavator produced by Volvo Construction Equipment. Volvo Construction Equipment is a leading global construction equipment manufacturer founded in 1927 and headquartered in Gothenburg, Sweden. Volvo Construction Equipment has always been committed to technological innovation and product research and development, and the EC80D is one of its representative products in the excavator field.

#### Product Details:

Model name: EC80D  
Brand name: VOLVO  
Bucket capacity: 0.34 cubic meters.  
Rated power: 42/2100kW/rpm.  
The working weight of the whole machine: 7450 kg.  
Walking speed: 2.6/5.1 kilometers/hour.  
Bucket digging force: 49 kN.  
Digging force of bucket rod: 39 kN.  
Maximum traction force: 65 kN.

#### Advantages:

- 1, High performance: Using Volvo D3 diesel engine, it can output 44.4kW of power, but the fuel consumption can still be kept at a low level.
- 2, Outstanding lifting capabilities: Powerful hydraulic performance and stability ensure its excellent lifting and handling capabilities.
- 2, Strong traction: It can climb hills easily, ensuring that it can drive freely in rugged areas.
- 3, Large manufacturing size: Compared with products of the same level, the Volvo EC80D excavator is larger in manufacturing size, heavier, and has a wider and longer chassis, which makes the machine better in terms of stability, hoisting capacity, ground clearance and working range. The performance is outstanding.
- 4, Made of high-strength elastic material: The big arm and small arm are made of high-strength elastic material, which maximizes the machine's durability and normal working time, while optimizing the machine's working range and improving productivity.
- 5, The cab is spacious and comfortable: The cab is spacious and comfortable, and large-size glass is installed to improve the driver's field of vision. The cab is equipped with easy-to-control operating devices, efficient heating and air-conditioning systems, and vibration and noise isolation devices, which can reduce driver fatigue.
- 6, Fuel pump with automatic stop function: can easily refuel large-capacity diesel tanks from the ground. The driver can observe the hydraulic oil level in the cab, allowing operators to quickly perform maintenance inspections.
