

## 7T EC80D Used Volvo Plant Machinery Second Hand Micro Digger

### Our Product Introduction

#### Basic Information

- Place of Origin: Korea
- Brand Name: VOLVO
- Model Number: VOLVO EC80D
- Minimum Order Quantity: 1 Set
- Price: USD 18000/ Set
- Packaging Details: Container, Bulk
- Delivery Time: 5-8 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: About 100 units are supplied every month

#### Product Specification

- Excavator Brand: VOLVO
- Model: VOLVO EC80D
- Weight: 8 Tons
- Engine Model: Volvo D3.4A
- Maximum Torque: 243N.m
- Track Ground Length: 2200mm
- Total Track Length: 2850mm
- Track Shoe Width: 450mm
- Total Track Width: 2300mm
- Track Gauge: 1850mm
- Highlight: used volvo plant machinery Micro Digger, EC80D used volvo plant machinery, EC80D second hand micro digger

## Product Description

### VOLVO EC80D Prime 8 Tons Crawler Backhoe Digging Used Excavator

#### Product Description:

Volvo EC80D introduces a new design and has a larger manufacturing size; it is adapted to the Volvo D3 diesel engine, with higher performance and lower fuel consumption; it has an industry-leading cab design that is comfortable and safe, and effectively improves productivity.

#### Product Details:

Minimum ground clearance: 400mm  
Counterweight ground clearance: 755mm  
The minimum turning radius of the front working device : 1690mm  
Rear end turning radius :1750mm  
Maximum digging radius :6420mm  
Maximum excavation radius of parking surface: 6270mm  
Maximum digging depth :4100mm  
Maximum digging height :7130mm  
Maximum unloading height: 5150mm  
Maximum vertical excavation depth :3530mm  
Maximum effective digging depth :3740mm

#### Advantages:

- 1,High performance: Using Volvo D3 diesel engine, it can output 44.4kW of power, but the fuel consumption can still be kept at a low level.
- Outstanding lifting capabilities: Powerful hydraulic performance and stability ensure its excellent lifting and handling capabilities.
- 2,Strong traction: It can climb hills easily, ensuring that it can drive freely in rugged areas.
- 3,Large manufacturing size: Compared with products of the same level, the Volvo EC80D excavator is larger in manufacturing size, heavier, and has a wider and longer chassis, which makes the machine better in terms of stability, hoisting capacity, ground clearance and working range. The performance is outstanding.
- 4,Made of high-strength elastic material: The big arm and small arm are made of high-strength elastic material, which maximizes the machine's durability and normal working time, while optimizing the machine's working range and improving productivity.
- 5,The cab is spacious and comfortable: The cab is spacious and comfortable, and large-size glass is installed to improve the driver's field of vision. The cab is equipped with easy-to-control operating devices, efficient heating and air-conditioning systems, and vibration and noise isolation devices, which can reduce driver fatigue.
- 6,Fuel pump with automatic stop function: can easily refuel large-capacity diesel tanks from the ground. The driver can observe the hydraulic oil level in the cab, allowing operators to quickly perform maintenance inspections.

#### Packing&Shipping:

#### F & Q

Xuanjue Serve For You, Best Quality And Lowest Price

**Q1.** What payment method?

Payment is negotiable

**Q2.** Will our company provide any service to the machine?

Yes! Before we deliver the machine, we will test, check, service, maintenance and clean it the machine.

**Q3.** What's the MOQ ?

MOQ is 1set. FOB or others can be negotiated.

**Q4.** What's the payment terms?

FOB or others can be negotiated.

**Q5.** Who pays the freight?

This is determined based on the payment method. We can either find a freight forwarder or the customer can designate a freight forwarder.

If you have any questions, you can call and send an email at any time and leave a message. We will answer you as soon as possible after seeing it.
