Max Digging Height	8160
Product Engine Model	VolvoD3.8E
Max Loading Height	5790
Number Of Cylinders	4
Year	2020
Arm Digging Force	61.8
Bucket Capacity	82.2
Max Digging Depth	5530

Applications:

The Used Volvo Excavator model EC140 is the perfect choice for any construction project. This powerful digger is from the trusted Volvo brand and is built for superior performance. The Volvo EC140 is made in France and provides a maximum digging height of 8160mm and a maximum digging depth of 5530mm. This machine also offers 4 cylinders and a tonnage capacity of 14 tons. The Volvo EC140 is a high quality machine that was manufactured in 2020 and is now ready for use. Invest in the Used Volvo Excavator EC140 and experience the reliable performance and durability of a Volvo product.

Support and Services:

At Volvo, we offer our customers a comprehensive range of technical support and service options for our used Volvo excavators. Our experienced team of experts is available to provide advice and assistance on everything from product selection and installation to maintenance and repairs.

Packing and Shipping:

The Used Volvo Excavator is carefully packed in secure and durable packaging materials to ensure its safe and secure transit. The excavator is secured to a wooden pallet which is then shrink-wrapped to ensure it is held firmly in place. The package is then loaded onto a delivery truck or trailer. All shipments are monitored closely to ensure they arrive safely in its destination on time.
