Basic Information

- Place of Origin: China
- Brand Name: Sany
- Model Number: SY75CPro
- Minimum Order Quantity: 1Sets
- Price: 12800-23800 USD
- Packaging Details: Container,Bulk
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: About 50 units are supplied every year

Product Specification

- Year: 2021
- Operation Weight: 7280
- Bucket Capacity: 0.28
- Maximum Digging Height: 7060mm
- Maximum Digging Radius: 6240mm
- Travel Mode: Crawler
- Travel Speed: 4.4/2.4 Km/h
- Operating Weight: 14100kg
- Highlight: **Used Sany Excavator 43kw,
SY75C Pro Used Sany Excavator,
Construction Site Second Hand Sany Excavator**

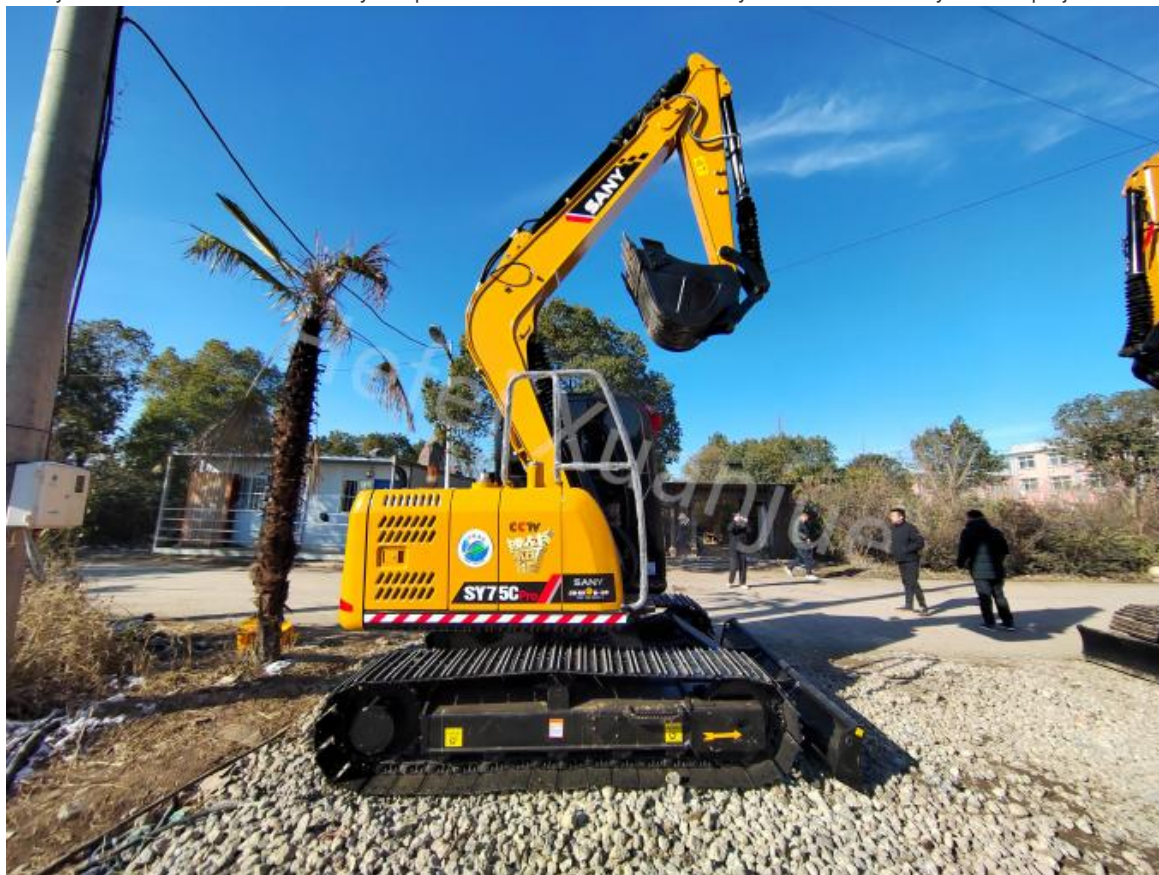

Product Description

SY75CPro 2021 Used Sany Excavator with Rated Power 43kw-2200r/min for Your Construction Site

Product Description:

The Used Sany 75C Excavator operates on a crawler travel mode, providing stability and maneuverability on various terrains. This feature allows it to navigate through rough and uneven surfaces, making it suitable for both urban and rural construction projects.

Overall, the Used Sany 75C Excavator is a reliable and cost-effective option for those in need of a high-quality excavator. Its powerful engine, maximum digging radius and depth, and crawler travel mode make it a valuable addition to any construction site. Trust in Sany's expertise and choose the Used Sany 75C Excavator for your next project.

Maximum Digging Radius	6,240 mm
Travel Mode	Crawler
Travel Speed	4.4/2.4 Km/h
Excavator Engine Model	AU-4LE2X
Machine Brand	SANY

Applications:

Sany is a well-known brand in the construction machinery industry, and its products are widely used in various construction sites around the world. The Sany SY75CPro excavator is a popular model in the market, and its second-hand version is also highly sought after by many construction companies.

The Sany SY75CPro is a powerful excavator designed for heavy-duty tasks. It is equipped with a 4-cylinder turbocharged engine that provides high performance and low fuel consumption. With a maximum digging depth of 4020mm and a maximum digging radius of 6240mm, this excavator can handle various types of construction projects. One of the key features of the SY75CPro excavator is its maximum digging depth of 4020mm, which allows it to reach deeper into the ground and excavate more efficiently. This makes it ideal for digging foundations, trenches, and other deep excavations.

The Sany SY75CPro excavator is a popular choice for construction companies looking for a reliable and efficient machine. Its second-hand version offers the same quality and performance as a brand new excavator at a lower cost, making it a smart investment for any construction project.

Customization:

Our Customization Service allows you to tailor your used Sany Excavator to meet your specific needs and requirements. Whether it's adjusting the maximum digging depth or travel speed, we can make the necessary modifications to ensure that the excavator fits seamlessly into your construction processes.

With our years of expertise and experience in the industry, we guarantee that our customized Sany Excavators will perform at their best and help you maximize productivity on the job site.

Choose Sany Excavation Machinery for your used Sany Excavator needs and experience the difference our Customization Service can make.

Packing and Shipping:

Our used Sany excavators are carefully packaged and shipped to ensure safe delivery to our customers. We take great care in protecting the excavator during transportation to prevent any damage or wear and tear.

Packaging

Each used Sany excavator is securely packed in a durable wooden crate or steel frame before being transported. This provides maximum protection from external elements and prevents any potential damage during transit.

We also make sure to properly secure all movable parts and components of the excavator to prevent any shifting or movement during transportation.

Shipping

We offer both domestic and international shipping options for our used Sany excavators. Our team works with trusted and reliable shipping carriers to ensure timely and efficient delivery.

For domestic shipping, we offer ground, air, and expedited services to meet our customers' needs. For international shipping, we carefully follow all necessary regulations and guidelines to ensure a smooth customs process and timely delivery.

Our shipping team also provides regular updates and tracking information to our customers so they can monitor the progress of their order.

At Used Sany Excavator, we are committed to delivering our products in the best condition possible. Our packaging and shipping processes are designed to ensure a hassle-free experience for our customers and the safe arrival of their used Sany excavator.
