Basic Information

- Place of Origin: Japan
- Brand Name: Kobelco
- Model Number: SK75
- Minimum Order Quantity: 1 Sets
- Price: 12000-22000 USD
- Packaging Details: Container,Bulk
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: About 5 units are supplied every month

Product Specification

- Fuel Tank: 120
- Condition: Used
- Max Digging Height: 5330
- Total Working Weight: 7000
- Brand: Kobelco
- Year: 2020
- Engine Model: ISUZU AU4LE2X
- Max Digging Depth: 4160
- Highlight: **SK75 Second Hand Kobelco Excavator,
Used Kobelco Excavator Machine,
7.5 Tons Used Kobelco Excavator**

Product Description

SK75 With 7.5 Tons Weight Used Kobelco Excavator Machine 2020 High-Performance Choice

Product Description:

The Used Kobelco Excavator is a reliable and efficient heavy equipment that is perfect for various construction and excavation projects. With its powerful engine and advanced features, it can handle tough digging tasks with ease. It is powered by an ISUZU AU4LE2X engine, which is known for its reliability and fuel efficiency. With 4 cylinders, this engine can deliver powerful and consistent performance, even in the most demanding conditions. It also meets all emission standards, making it an environmentally-friendly choice.

This excavator is equipped with a range of features that enhance its performance and make it easier to operate. Some of these features include a spacious and comfortable cab, advanced hydraulic system, and easy-to-use controls. These features allow operators to work for longer hours without feeling fatigued and get the job done efficiently.

Applications:

Reliability: Kobelco is a renowned brand known for its high-quality and reliable construction equipment. The SK75 is no exception, and its durable design and advanced technology ensure that it can handle even the most demanding construction projects.

Cost-Effective: Investing in a used Kobelco excavator can save you a significant amount of money compared to buying a brand new machine. This makes it an affordable option for businesses of all sizes.

Great Performance: Despite being a used machine, the SK75 still delivers exceptional performance. Its powerful engine and advanced hydraulic system allow it to handle a wide range of tasks with ease.

Easy Maintenance: Kobelco excavators are known for their easy maintenance, and the SK75 is no exception. With proper care and regular maintenance, a used Kobelco excavator can last for many years, making it a cost-effective long-term investment.

Overall, the used Kobelco excavator is a reliable, versatile, and cost-effective choice for any construction project. With its advanced technology, powerful performance, and easy maintenance, it is a valuable asset for any construction team. So, if you are looking for a high-quality and affordable excavator, the Kobelco SK75 is definitely worth considering.

Packing and Shipping:

Packaging

The excavator will be wrapped with protective materials such as bubble wrap and foam to prevent any damage during transportation.

The machine will also be securely placed in a strong wooden crate to provide additional protection.

Shipping

The shipping method will depend on the destination and customer's preference. We offer various options including sea, air, and land transportation.

For international shipping, the necessary documents and customs clearance will be taken care of by our team.

Our team will also track the shipment and provide updates to the customer until the excavator reaches its destination.

Upon arrival, the customer will be responsible for unloading the excavator from the shipping container.
