

Travel Speed 3.5 / 2.4 Km/H Used Hitachi Excavator Mechanism Crawler Excavator

Our Product Introduction

more products please visit us on used-excavatormachine.com

Basic Information

- Place of Origin: Japan
- Brand Name: HITACHI
- Model Number: HITACHI EX120
- Minimum Order Quantity: 1 set
- Price: 16800 USD - 25800 USD
- Packaging Details: Bulk or Container
- Delivery Time: 5-8 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 units per year

Product Specification

- Bucket Capacity: 0.8m³
- Travel Speed: 3.5/2.4 Km/h
- Product Type: Crawler Excavator
- Fuel Tank Capacity: 400L
- Weight: 12000kg
- Engine Power: 567/1800kw
- Max Digging Depth: 6670mm
- Engine Model: QSK23-C
- Highlight: Crawler Second Hand Hitachi Excavator, 2.4 Km/H Used Hitachi Excavator, Used Hitachi Mechanism Crawler Excavator

Product Description

Travel Speed 3.5/2.4 Km/h Hitachi Excavator Mechanism Crawler Excavator

Product Description:

Used Hitachi Excavator

The Used Hitachi Excavator is a powerful and reliable construction equipment that is designed to perform heavy-duty excavation tasks with ease and efficiency. With its advanced Hitachi Excavator Mechanism and superior features, this excavator is a popular choice

Our Product Intro

among construction companies and contractors.
Engine Model: QSK23-C

The Used Hitachi Excavator is equipped with a QSK23-C engine model, which is known for its high performance and durability. This powerful engine ensures smooth and efficient operation of the excavator, making it perfect for various construction projects.
Bucket Capacity: 0.8m³

The excavator comes with a 0.8m³ bucket capacity, which is ideal for digging and loading large amounts of material in one go. This allows for faster and more efficient excavation, saving time and labor costs for the user.
Engine Power: 567/1800kw

With an impressive engine power of 567/1800kw, the Used Hitachi Excavator can handle even the toughest excavation tasks with ease. This power, combined with the advanced Hitachi Excavator Mechanism, ensures high productivity and performance.
Weight: 12000kg

The excavator has a weight of 12000kg, making it a heavy and sturdy machine that can withstand heavy loads and rough terrain. This weight also provides stability and balance, allowing for safe and efficient operation of the excavator.
Max Digging Depth: 6670mm

With a maximum digging depth of 6670mm, the Used Hitachi Excavator can easily reach deep into the ground, making it a perfect choice for various excavation and construction projects. This depth allows for a wide range of applications, making the excavator a versatile and valuable asset for any construction company.

The Used Hitachi Excavator is a top-of-the-line product that offers high performance, efficiency, and durability. Its advanced Hitachi Excavator Mechanism and superior features make it a highly sought-after equipment in the construction industry. Trust in the reliability and power of the Used Hitachi Excavator to help you get the job done efficiently and effectively.

Technical Parameters:

Product Type	Crawler Excavator	
Engine Model	QSK23-C	
Max Digging Depth	6670mm	
Engine Power	567/1800kw	
Fuel Tank Capacity	400L	
Weight	12000kg	
Bucket Capacity	0.8m³	
Gradeability	70%	
Travel Speed	3.5/2.4 Km/h	
Hitachi Excavator Mechanism	Hitachi Excavator Mechanism	
Hitachi Excavator Mechanism	Hitachi Excavator Mechanism	

Applications:

Used Hitachi Excavator

The Hitachi Excavator Mechanism is a powerful and reliable construction equipment designed to meet the demands of various industries. With its sturdy design, efficient performance, and advanced technology, the Hitachi Excavator is a top choice for construction companies, mining operations, and many other applications.

The Hitachi Excavator Mechanism is known for its exceptional quality and durability. Made by the renowned Japanese brand, Hitachi, this excavator is built to last. Its brand name itself is a testament to its excellence in engineering and manufacturing.

The model number of this excavator is HITACHI EX120, which is one of the most popular models in the Hitachi EX series. This model is designed to provide maximum efficiency and productivity, making it a valuable asset for any project. Its compact size and versatile features make it suitable for both small and large-scale operations.

The Hitachi Excavator Mechanism is manufactured in Japan, ensuring the highest quality standards. Japan is known for its advanced technology and precision engineering, making the Hitachi Excavator a world-class product. Its place of origin is a testament to its reliability and performance.

In conclusion, the Hitachi Excavator Mechanism is a top-of-the-line product that offers exceptional quality, reliability, and performance. Its brand name, model number, place of origin, engine model, bucket capacity, travel speed, and maximum digging depth are just some of the key attributes that make it a preferred choice for various applications. With the Hitachi Excavator, you can expect efficient and productive operations, resulting in cost savings and timely completion of projects.

F & Q:

Xuanjue Serve For You, Best Quality And Lowest Price

Q1. What payment method?

Payment is negotiable

Q2. Will our company provide any service to the machine?

Yes! Before we deliver the machine, we will test, check, service, maintenance and clean it the machine.

Q3. What's the MOQ ?

MOQ is 1set. FOB or others can be negotiated.

Q4. What's the payment terms?

FOB or others can be negotiated.

Q5. Who pays the freight?
This is determined based on the payment method. We can either find a freight forwarder or the customer can designate a freight forwarder.
If you have any questions, you can call and send an email at any time and leave a message. We will answer you as soon as possible after seeing it.
