Basic Information

- Place of Origin: Japan
- Brand Name: HITACHI
- Model Number: ZX350HG-3G
- Minimum Order Quantity: 1set
- Price: 28800-41900 USD
- Packaging Details: Container,Bulk
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: About 4 units are supplied every month

Product Specification

- Engine Model: ISUZU AA-6HK1XQA
- Max Digging Depth: 7360mm
- Fuel Tank Capacity: 150L
- Rated Power: 184KW
- Working Weight: 33700kg
- Max Digging Height: 7150mm
- Bucket Capacity: 1.38m³
- Gradeability: 70%
- Highlight: **184KW Used Hitachi Excavator,
ZX350HG-3G Used Hitachi Excavator,
Second Hand Hitachi Construction Excavator**

Product Description

ZX350HG-3G With Fuel Tank Capacity Of 150L And Working Weight Of 33700kg Hitachi Excavator

Product Description:

As one of the leading products in the Hitachi Excavator Mechanism, the Used Hitachi Excavator is equipped with a powerful engine - the ISUZU AA-6HK1XQA. This engine provides a rated power of 184KW, ensuring high efficiency and productivity in any construction site.

The excavator has a maximum digging depth of 7360mm, making it suitable for various digging and excavation tasks. It also has a bucket capacity of 1.38m³, allowing for efficient and quick loading and unloading of materials. These features make the Used Hitachi Excavator a versatile and reliable equipment for any construction project.

In addition, the fuel tank capacity of 150L ensures long working hours without the need for frequent refueling, making the excavator more cost-effective and time-efficient.

Not only is the Used Hitachi Excavator a powerful and efficient construction equipment, but it is also built with durability and safety in mind. The sturdy and robust design, along with advanced safety features, makes it suitable for use in various working conditions.

Overall, the Used Hitachi Excavator is a top-performing and cost-effective choice for any construction project. Its advanced technology, powerful engine, and durable design make it a valuable addition to any construction equipment fleet. Choose the Used Hitachi Excavator and experience the best in construction equipment today!

Technical Parameters:

Hitachi Excavator Mechanism	
Rated Power	184KW
Fuel Tank Capacity	150L
Max Digging Height	7150mm
Working Weight	33700kg
Gradeability	70%
Engine Model	ISUZU AA-6HK1XQA
Max Digging Depth	7360mm
Bucket Capacity	1.38m ³

Applications:

The Hitachi Excavator is a widely used equipment in construction sites for its ability to efficiently dig and move large amounts of earth and debris. With its powerful engine and high digging depth of 7360mm, it can easily handle heavy-duty excavation tasks, such as digging trenches, foundations, and basements. Its Gradeability of 70% also makes it suitable for working on uneven terrain, providing maximum flexibility in various construction projects.

The Hitachi Excavator is also an essential equipment in road construction projects. Its large digging height of 7150mm allows it to easily reach and dig out materials from elevated areas, making it ideal for road grading, ditching, and slope finishing. Its powerful engine, the ISUZU AA-6HK1XQA, also ensures smooth and efficient operation, even in tough working conditions.

Overall, the Hitachi Excavator is a versatile and reliable equipment that can handle a wide range of heavy-duty excavation tasks. Its brand name, HITACHI, is synonymous with quality and performance, making it the top choice for construction companies and contractors all over the world. So, whether it's a construction site, road project, mining operation, or demolition work, the Hitachi Excavator is the perfect equipment for the job. Choose Hitachi Excavator and experience the power and efficiency of this top-of-the-line construction equipment!

Packing and Shipping:

Packaging Details:

Wrapped with protective plastic
Secured with sturdy straps
Placed in a strong wooden crate
Packed with cushioning material for extra protection

Shipping Options:

We offer the following shipping options for your convenience:
Ground shipping within the continental United States
Air freight for international shipping
Sea freight for larger orders
Please contact us for a shipping quote and to discuss which option best suits your needs.

F & Q:

Xuanjue Serve For You, Best Quality And Lowest Price

Q1. What payment method?

Payment is negotiable

Q2. Will our company provide any service to the machine?

Yes! Before we deliver the machine, we will test, check, service, maintenance and clean it the machine.

Q3. What's the MOQ ?

MOQ is 1set. FOB or others can be negotiated.

Q4. What's the payment terms?

FOB or others can be negotiated.

Q5. Who pays the freight?

This is determined based on the payment method. We can either find a freight forwarder or the customer can designate a freight forwarder.

If you have any questions, you can call and send an email at any time and leave a message. We will answer you as soon as possible after seeing it.
