

Heavy Duty Used CAT 312GC Excavators For Your Construction Needs

Our Product Introduction

more products please visit us on used-excavatormachine.com

Basic Information

- Place of Origin: America
- Brand Name: Caterpillar
- Model Number: 312D2GC
- Minimum Order Quantity: 1 set
- Price: 18800USD -19800 USD
- Packaging Details: Bulk or Container
- Delivery Time: 5-8 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 units per year

Product Specification

- Walking Speed: 5.1km/h
- Bucket Capacity: 0.53m³
- Working Weight: 12500kg
- Gradeability: 70
- Fuel Tank: 250L
- Rated Power: 91kw/2150rpm
- Brand: CAT
- Max Digging Depth: 5540mm
- Highlight: **Heavy Duty Construction Used CAT Excavators,
Used CAT 312GC Excavators,
312GC Second Hand CAT Excavator**

Product Description:

Product Overview - Used CAT Excavators

The Used CAT Excavators, also known as CAT Digging Machines or Caterpillar Excavators, are heavy-duty construction equipment designed and manufactured by Caterpillar Inc. This product overview will provide detailed information about the key features and specifications of this powerful and reliable excavator.

Working Weight

The working weight of the Used CAT Excavators is 12500kg, making it a suitable choice for various construction projects. With its sturdy and durable structure, this excavator can handle heavy loads and perform efficiently in tough working conditions.

Walking Speed

The walking speed of this machine is 5.1km/h, allowing it to move quickly and easily between different work sites. This feature increases productivity and saves time, making the Used CAT Excavators a valuable asset for any construction project.

Max Digging Depth

The maximum digging depth of the Used CAT Excavators is 5540mm, providing excellent reach and versatility. This allows for efficient digging, trenching, and excavation, making it a top choice for a wide range of construction tasks.

Gradeability

The Used CAT Excavators have a gradeability of 70%, allowing it to work on steep slopes and uneven terrains with ease. This feature makes it a reliable and efficient choice for projects in challenging environments.

Brand

The Used CAT Excavators are manufactured by Caterpillar Inc., a trusted and renowned brand in the construction industry. With years of experience and expertise, CAT has established a reputation for producing high-quality and innovative machinery, including excavators.

Conclusion

The Used CAT Excavators are a powerful and versatile choice for any construction project. With its impressive working weight, fast walking speed, maximum digging depth, excellent gradeability, and trusted brand, this excavator is a valuable addition to any construction fleet.

Technical Parameters:

Product Name	Used CAT Excavators
Brand	CAT
Type	Second Hand Excavators
Bucket Capacity	0.53m³
Max Digging Depth	5540mm
Gradeability	70%
Fuel Tank	250L
Working Weight	12500kg
Rated Power	91kw/2150rpm
Walking Speed	5.1km/h
Usage	CAT Digging Machines, Used CAT Diggers

Applications:

Used CAT Excavators - Your Trusted Partner in Construction

When it comes to heavy-duty construction, nothing beats the reliability and efficiency of Used CAT Excavators. Made by the prestigious brand Caterpillar, these second hand excavators are the top choice for construction companies and contractors all over the world.

Product Specifications

Application

Used CAT Excavators are versatile machines that can be used in a wide range of applications. With its durable and high-quality construction, it can handle the most challenging tasks in construction sites, making it an essential tool for any project.

Excavation and Demolition

The powerful digging capabilities of CAT Digging Machines make them perfect for excavation and demolition work. With its heavy-duty design, it can easily break through rocks and other tough materials, making it a valuable asset in any construction project.

Landscaping and Road Work

For landscaping and road work, Used CAT Excavators are the go-to machines for their precision and efficiency. Its compact size and versatile attachments allow it to work in tight spaces and perform various tasks, such as digging, grading, and leveling.

Mining and Agricultural

In the mining and agricultural industries, time is of the essence, and efficiency is crucial. Used CAT Excavators can handle heavy loads and work continuously for long hours without breaking down, making it an ideal choice for these demanding industries.

Energy Industry and Earthmoving

The energy industry and earthmoving projects require robust and reliable equipment that can withstand harsh conditions. Used CAT Excavators are built to last and can handle the toughest jobs, making them a preferred choice for these industries.

Urban Development

In urban development projects, Used CAT Excavators play a significant role in building a better community. From demolishing old structures to digging foundations for new buildings, these excavators are essential in shaping our cities.

Why Choose Used CAT Excavators?

With so many options available in the market, why should you choose Used CAT Excavators? Here are some reasons why:

Durable and reliable - CAT is known for its high-quality and long-lasting equipment.

Efficient - With its powerful engine and advanced hydraulics, it can get the job done quickly and effectively.

Versatile - With various attachments available, it can perform multiple tasks, saving you time and money.

High resale value - CAT equipment holds its value well, making it a smart investment for your business.

Conclusion

Used CAT Excavators are the perfect choice for any construction project. With its versatility, durability, and reliability, it can handle any task with ease, making it an essential tool in the industry. So if you're looking for a high-quality and efficient excavator, go for Used CAT Excavators, and you won't be disappointed.
