Basic Information

- Place of Origin: Japan
- Brand Name: Kubota
- Model Number: 15
- Minimum Order Quantity: 1 set
- Price: 16800 USD - 25800 USD
- Packaging Details: Bulk or Container
- Delivery Time: 5-8 work days
- Payment Terms: D/A, L/C, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 units per year

Product Specification

- Max Digging Height: 2440mm
- Weight: 1570kg
- Rated Power: 9.6kw
- Bucket Capacity: 0.04m³
- Type: Mini Excavator
- Condition: Used
- Max Digging Depth: 2310mm
- Walking Speed: 2.2/4.3km/h
- Highlight: **High Precision Used Mini Excavator,
Construction Second Hand Mini Excavator**

Product Description:

Used Mini Excavator - Second-hand Mini excavator

Are you looking for a reliable and efficient mini excavator for your construction projects? Look no further than our Used Mini Excavator, a top-quality second-hand machine that will meet all your needs and expectations.

Product Overview

Our Used Mini Excavator is a Crawler Mini Excavator, which means it is equipped with tracks instead of wheels, making it ideal for working on rough and uneven terrain. It has a bucket capacity of 0.04m³, allowing it to handle a variety of materials and tasks.

This mini excavator has a maximum digging height of 2440mm, making it perfect for digging trenches, foundations, and other tasks that require precision and accuracy. With a rated power of 9.6kw, it offers high performance and efficiency, ensuring that your projects are completed in a timely and effective manner.

Why Choose Our Used Mini Excavator?

At our company, we are committed to providing our customers with high-quality construction equipment at competitive prices. Our Used Mini Excavator is no exception, and here are some reasons why it is the best choice for your construction projects:

Reliable and efficient: Our mini excavator has been tested and proven to deliver outstanding performance and productivity, making it an invaluable asset for your projects.

Excellent condition: We take great care in selecting and refurbishing our Used Mini Excavator to ensure that it is in excellent condition, ready to tackle any task you throw its way.

Experienced team: Our team of technicians has years of experience in the construction industry and are well-equipped to handle any maintenance or repair needs for your mini excavator.

Flexible financing options: We understand that purchasing heavy equipment can be a significant investment, which is why we offer flexible financing options to suit your budget and needs.

Applications:

Used Mini Excavator - Kubota 15

The Kubota 15 is a second-hand mini excavator that has been widely used in various construction projects. As one of the most reliable and versatile machines in the market, it has gained a great reputation for its high quality and excellent performance.

Product Description

The Kubota 15 is a crawler mini excavator that was originally manufactured in Japan. With a rated power of 9.6kw, this machine is known for its powerful and efficient performance. It has a maximum digging height of 2440mm, making it suitable for a wide range of digging and excavation tasks. The walking speed of this mini excavator is 2.2/4.3km/h, allowing it to move quickly and smoothly on different terrains.

Application Scenarios

The Kubota 15 is widely used in various construction and landscaping projects. It is the perfect choice for small-scale excavations, trenching, and digging tasks. Its compact size and powerful performance make it ideal for working in tight and narrow spaces. This mini excavator is also suitable for road construction, digging foundations, and other heavy-duty tasks.

Features and Benefits

Compact Design: The Kubota 15 is a compact and lightweight machine that can easily access and work in tight spaces.

Powerful Performance: With a rated power of 9.6kw, this mini excavator can easily handle various digging and excavation tasks.

High Efficiency: The Kubota 15 has a walking speed of 2.2/4.3km/h, allowing it to move quickly and efficiently on different terrains.

Durable and Reliable: This second-hand mini excavator is made with high-quality materials and has been thoroughly inspected to ensure its durability and reliability.

Easy Maintenance: The Kubota 15 is designed for easy maintenance, making it convenient for operators to keep the machine in good condition.

Why Choose a Second-hand Mini Excavator?

As a second-hand mini excavator, the Kubota 15 offers a cost-effective solution for those who are looking for a reliable and high-performance machine at a lower price. It has been thoroughly inspected and refurbished to ensure its quality and performance, making it a great choice for those on a tight budget.

Conclusion

The Kubota 15 is a second-hand mini excavator that offers high-quality performance and reliability. With its compact design, powerful performance, and easy maintenance, it is the perfect choice for various construction projects. Whether you need it for digging, trenching, or other heavy-duty tasks, the Kubota 15 will exceed your expectations and help you complete your projects efficiently and effectively.
