Product Description

Product Description:

Second-Hand Sany Excavator

Looking for a reliable and efficient excavator for your construction or mining projects? Look no further than our Used Sany Excavator. With its high quality and durable construction, it is the perfect choice for all your digging needs.

Product Overview

Our Second-Hand Sany Excavator is designed to provide excellent performance and productivity at a cost-effective price. It has a bucket capacity of 0.3m³, making it ideal for a wide range of applications. Whether you need to dig trenches, load trucks, or perform general excavation work, this excavator can handle it all with ease.

With an operating weight of 7350kg, this excavator is lightweight yet sturdy enough to tackle tough and demanding jobs. It has a maximum digging height of 7060mm, allowing you to reach higher areas with ease. Its travel speed of 4.1/2.4km/h ensures efficient movement on the job site, saving you time and increasing productivity.

The Second-Hand Sany Excavator has a maximum digging depth of 4020mm, providing you with greater flexibility and versatility in your projects. It is a reliable and high-performing machine that will help you get the job done quickly and efficiently.

Why Choose Our Used Sany Excavator?

High Quality: Our excavator is made from durable and high-quality materials, ensuring long-lasting performance and reliability.

Cost-Effective: By choosing our used excavator, you can save money without compromising on quality. It is a cost-effective solution for your construction or mining needs.

Wide Range of Applications: Our excavator is suitable for various applications, including digging, loading, and lifting, making it a versatile and essential machine for any job site.

Efficient: With its powerful engine and efficient design, our excavator can complete tasks quickly and effectively, saving you time and increasing productivity.

Reliable Performance: Our used Sany excavator has been thoroughly inspected and maintained to ensure its reliable performance, giving you peace of mind during your projects.

Don't miss out on this opportunity to own a high-quality and efficient excavator at a more affordable price. Contact us now to inquire about our Second-Hand Sany Excavator for sale. It is a wise investment that will benefit your business for years to come.

Used Sany Excavator - Perfect for Any Job

If you're in need of a compact and efficient excavator for your construction needs, look no further than the Used Sany Excavator. With its brand name of Sany and model number of SY75, this mini excavator is a top choice for construction companies and contractors alike.

High Efficiency and Durability

The Used Sany Excavator is known for its high efficiency and durability, making it a reliable and long-lasting addition to any construction site. Made with the finest materials and advanced technology, it can handle tough jobs with ease.

Compact Design for Versatility

As a mini excavator, the Used Sany Excavator is designed to be compact and versatile. This makes it perfect for working in narrow spaces and urban areas, where larger construction machinery may not be able to reach. Its compact design also allows for easy transportation and maneuvering on any job site.

Perfect for Construction Sites and Landscaping

Whether you're working on a construction site or landscaping project, the Used Sany Excavator is a versatile tool that can handle a variety of tasks. With a bucket capacity of 0.3m³ and a maximum digging depth of 4020mm, it can easily handle digging, loading, and lifting tasks with precision and efficiency.

Effortless Operation

The Used Sany Excavator is designed for easy operation, making it a great choice for both experienced and novice operators. Its travel speed of 4.1/2.4km/h and gradeability of 70° allow for smooth and efficient movement, while the machine brand of SANY ensures high-quality performance.

Made in China, Used Around the World

The Used Sany Excavator is proudly made in China, where it undergoes strict quality control measures to ensure its durability and efficiency. It is then exported to various countries around the world, where it is used in a wide range of industries and applications.

Conclusion

In conclusion, the Used Sany Excavator is a reliable and versatile mini excavator that is perfect for any job. Its compact design, high efficiency, and durability make it a top choice for construction sites, landscaping projects, and more. With its easy operation and versatile features, it is a valuable addition to any construction team. So why wait? Get your Used Sany Excavator today and see the difference it can make in your projects!
