Product Description

Used XCMG XS223JC 6 TON 10 TON Road Roller

Used XCMG Road roller

Earthmoving machinery that uses a scraper to level the ground. The scraper is installed between the front and rear axles of the machinery and can be raised, lowered, tilted, rotated and extended outward. It is flexible and accurate in movement, easy to operate, and has high precision in site leveling. It is suitable for constructing roadbeds and pavements, building slopes, and digging ditches. It can also be used to mix pavement materials, clear snow, push bulk materials, and maintain dirt roads and gravel roads..
