Basic Information

- Place of Origin: Japan
- Brand Name: Hitachi
- Model Number: ZX130
- Minimum Order Quantity: 1 set
- Price: 15600-25600USD
- Packaging Details: Bulk or Container
- Delivery Time: 5-8 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 units per year

Product Specification

- Size: 7.61×2.49×2.74m
- Working Weight: 12500kg
- Bucket Capacity: 0.59-0.65m³
- Walking Speed: 3.4/5.5km/h
- Max Digging Depth: 5570mm
- Rated Power: 66kw/2150rpm
- Max Digging Height: 6190mm
- Gradeability: 70/35%

12500kg Working Weight Hitachi Excavator Mechanism for Smooth and Precise Operations

Product Description:

Used Hitachi Excavator

Product Overview

Hitachi Excavator is a well-known brand for its high-quality and durable machinery. The Used Hitachi Excavator in particular, is a popular choice for those looking for a reliable and cost-effective construction equipment.

The Hitachi Excavator Mechanism is the heart of this product, providing powerful and efficient performance. With a Gradeability of 70/35%, this excavator is capable of working on steep and rough terrains, making it suitable for various construction projects.

Weighing at 12500kg, this excavator is sturdy and stable, allowing it to handle heavy-duty tasks with ease. Its Size of 7.61×2.49×2.74m makes it compact enough to maneuver through tight spaces, yet spacious enough to provide a comfortable working environment for the operator.

The Walking speed of 3.4/5.5km/h adds to the efficiency of this excavator, allowing for faster transportation between job sites. It also has a Max digging height of 6190mm, making it suitable for deep excavation work.

Product Specifications

The Used Hitachi Excavator is a reliable and cost-effective solution for all your excavation needs. With its powerful Hitachi Excavator Mechanism and impressive specifications, it is a valuable addition to any construction fleet. Get yours today and experience the efficiency and durability of Hitachi Excavator.

Technical Parameters:

Hitachi Excavator Mechanism	
Rated Power	66kw/2150rpm
Gradeability	70/35%
Walking speed	3.4/5.5km/h
Size	7.61×2.49×2.74m
Bucket Capacity	0.59-0.65m³
Max digging height	6190mm
Max Digging Depth	5570mm
Working Weight	12500kg

Applications:

Used Hitachi Excavator: A Reliable and High-Performance Machine for All Your Excavation Needs

Are you in need of a powerful and efficient excavator for your construction projects? Look no further because the Used Hitachi Excavator is here to meet all your excavation needs. With its top-notch technology, durable build, and superior performance, this excavator will surely make a difference in your construction work.

Product Overview

The Used Hitachi Excavator is a product of Hitachi, a well-known and trusted brand in the construction industry. This excavator is specifically designed to provide exceptional performance and durability, making it a popular choice among construction companies and contractors.

Product Attributes

Here are some of the key attributes of the Used Hitachi Excavator:

Brand Name: Hitachi

Model Number: ZX130

Place of Origin: Japan

Max Digging Depth: 5570mm

Max Digging Height: 6190mm

Bucket Capacity: 0.59-0.65m³

Walking Speed: 3.4/5.5km/h

Rated Power: 66kw/2150rpm

These attributes make the Used Hitachi Excavator a top-performing and reliable machine for all your excavation needs.

Product Application

The Used Hitachi Excavator is suitable for a variety of excavation tasks, including:

Digging and leveling of soil and rocks

Trenching for underground utilities

Excavation for building foundations

Landscaping and land clearing

Road and railway construction

Mining and quarrying

With its powerful mechanism and advanced features, this excavator can efficiently handle these tasks and more.

Product Features

Hitachi Excavator Mechanism

The heart of the Used Hitachi Excavator is its advanced mechanism that allows for smooth and precise operation. This mechanism is designed to provide maximum digging power and efficiency, making it the perfect machine for any excavation job.

Durable Build

The Used Hitachi Excavator is built to withstand the toughest construction conditions. Its sturdy frame and high-quality materials ensure long-term durability and reliability, making it a cost-effective investment for any construction business.

Advanced Technology

Equipped with the latest technology, the Used Hitachi Excavator offers superior performance and efficiency. Its advanced features, such as automatic engine control and GPS guidance, make it easier to operate and increase productivity on the job site.

Product Benefits

Investing in a Used Hitachi Excavator can provide numerous benefits for your construction business:

Increased productivity and efficiency

Reduced operating costs

Versatile and suitable for various excavation tasks

Enhanced safety features for operators

Lower maintenance and repair costs

Long-lasting and reliable performance

With these benefits, the Used Hitachi Excavator can help you complete your construction projects on time and within budget.

Conclusion

The Used Hitachi Excavator is a top-of-the-line machine that offers exceptional performance, durability, and efficiency. Its advanced technology and powerful mechanism make it a valuable asset for any construction project. So if you want a reliable and high-performance excavator, choose the Used Hitachi Excavator for all your excavation needs.
