

Caterpillar Excavators 0.22m³ Bucket Capacity and 34.1/2400kw/rpm Rated Power

Our Product Introduction

more products please visit us on used-excavatormachine.com

Basic Information

- Place of Origin: America
- Brand Name: Caterpillar
- Model Number: 306
- Minimum Order Quantity: 1set
- Price: 9500-31800 USD
- Packaging Details: Container,Bulk
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: About 12 units are supplied every month

Product Specification

- Max Digging Depth: 3741mm
- Brand: CAT
- Max Digging Height: 5425mm
- Walking Speed: 3.0/5.0km/h
- Engine Model: Cat C2.4
- Bucket Capacity: 0.22m³
- Working Weight: 5705kg
- Rated Power: 34.1/2400kw/rpm

Caterpillar Excavators 0.22m3 Bucket Capacity and 34.1/2400kw/rpm Rated Power

Product Description:

The Used CAT Excavators are designed with heavy duty construction in mind. They are built to withstand tough working conditions and provide maximum efficiency and productivity. These excavators are perfect for a variety of projects, from digging trenches and foundations to loading and unloading materials.

The powerful Cat C2.4 engine ensures that these excavators can handle even the toughest tasks with ease. With a rated power of 34.1/2400kw/rpm, these excavators have the strength and capability to take on any job. This engine is known for its fuel efficiency and low emissions, making it an environmentally friendly choice.

The max digging height of 5425mm allows these excavators to reach and dig deep into the ground, making them suitable for a wide range of construction tasks. The working weight of 5705kg ensures that these excavators are stable and balanced, providing a safe and efficient working environment for operators.

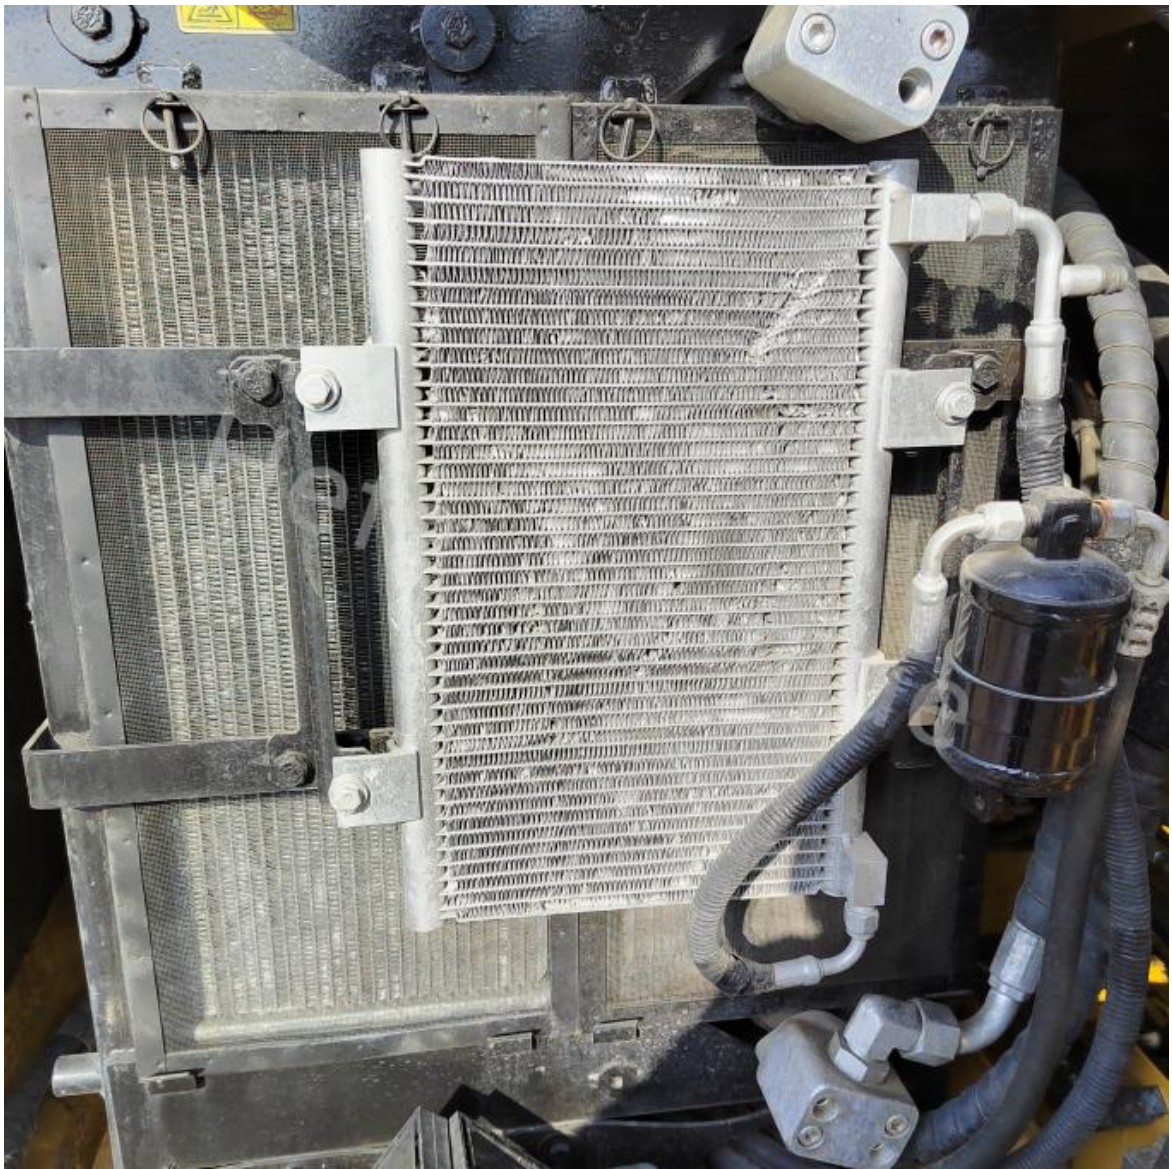

The Used CAT Excavators are known for their reliability and durability. They are built using high-quality materials and undergo rigorous testing to ensure they can withstand the demands of heavy duty construction. With regular maintenance and proper care, these excavators can last for many years, making them a cost-effective investment for any construction company.

In conclusion, the Used CAT Excavators are heavy duty excavators that offer exceptional performance, durability, and reliability. With a powerful engine, impressive digging capabilities, and heavy duty construction, these excavators are the perfect choice for any construction project. Trust in CAT's reputation for excellence and choose the Used CAT Excavators for your next construction job.

Technical Parameters:

CAT Digging Machines	Heavy Duty Excavators
Brand	CAT
Max Digging Depth	3741mm
Walking Speed	3.0/5.0km/h
Rated Power	34.1/2400kw/rpm
Engine Model	Cat C2.4
Working Weight	5705kg
Bucket Capacity	0.22m³
Max Digging Height	5425mm

Applications:

The Used CAT Excavators are heavy duty excavators manufactured by Caterpillar, one of the leading companies in the construction and mining industry. With its brand name, Caterpillar, and model number, 306, the excavators are known for their high performance, durability, and versatility. These excavators have a bucket capacity of 0.22m³ and a maximum digging depth of 3741mm, making them ideal for various construction projects, mining sites, urban infrastructure development, and landscaping projects.

Product Features

Fuel Efficient: The Used CAT Excavators are equipped with a Cat C2.4 engine model that is designed to be fuel efficient, allowing for longer working hours without the need for frequent refueling. This makes them perfect for projects that require continuous and efficient workload.

High Performance: With a working weight of 5705kg and a walking speed of 3.0/5.0km/h, these excavators are built to perform heavy duty tasks with ease. They can handle tough terrains and heavy materials, making them a reliable choice for any construction or mining project.

Durable: The Used CAT Excavators are made from high quality materials and are designed to withstand harsh working conditions. They are built to last and can handle the toughest of environments, ensuring a long lifespan and minimal downtime.

Versatile: These excavators can be used for a variety of tasks including digging, trenching, lifting, and loading. Their versatility makes them a valuable asset for any construction or mining site.

Easy Maintenance: With its simple and user-friendly design, the Used CAT Excavators are easy to maintain. This reduces downtime and ensures that the excavators are always in top working condition, resulting in efficient and uninterrupted work.

Reliable: Caterpillar is known for its reliable and high-quality products. The Used CAT Excavators are no exception. They are built to withstand heavy workloads and are trusted by professionals in the construction and mining industry.

Cost-effective: Despite being used excavators, these machines offer the same performance and quality as new ones at a lower cost. This makes them a cost-effective option for those looking to invest in heavy duty excavators without breaking the bank.

Packing and Shipping:

Packaging Process

First, our team thoroughly inspects the excavator and removes any loose or fragile parts.

Next, we carefully wrap the excavator in protective materials to prevent any damage during transportation.

The excavator is then placed in a sturdy wooden crate or box, which is sealed and marked with handling instructions.

Finally, the crate or box is loaded onto a secure and reliable transport vehicle.

Shipping Options

We offer a variety of shipping options to meet your specific needs:

Ground shipping: This is the most economical option for domestic deliveries.

Air freight: For international shipments or urgent deliveries, we offer air freight services.

Ocean freight: If you have a large order or require shipping to a port, our ocean freight services are the best choice.

Tracking Your Shipment

Once your order has been shipped, we will provide you with a tracking number so you can monitor the progress of your shipment. We also offer insurance options for added peace of mind.

Thank you for choosing Used CAT Excavators. We are committed to providing top-quality products and services, and we look forward to serving you.

F & Q:

Xuanjue Serve For You, Best Quality And Lowest Price

Q1. What payment method?

Payment is negotiable

Q2. Will our company provide any service to the machine?

Yes! Before we deliver the machine, we will test, check, service, maintenance and clean it the machine.

Q3. What's the MOQ ?

MOQ is 1set. FOB or others can be negotiated.

Q4. What's the payment terms?

FOB or others can be negotiated.

Q5. Who pays the freight?

This is determined based on the payment method. We can either find a freight forwarder or the customer can designate a freight forwarder.

If you have any questions, you can call and send an email at any time and leave a message. We will answer you as soon as possible after seeing it.
